

NEWS ADVISORY

January 23, 2015

The City works with the lawmakers who represent the community to advocate for legislation that will benefit Rosemount. Each year, the City Council devises a list of priorities for the new legislative session. Council members this week approved an update list that includes support for improvements to the intersection of Highway 52 and Co. Rd. 42 and for needed expansions at Dakota County Technical College.

The priorities can be seen on the City website at
