Rochester-Twin Cities Passenger Rail Corridor Investment Plan & Tier 1 EIS

The Final Scoping Decision document has been released and is now available on the project website, www.goziprail.org, and at local government offices and libraries throughout the corridor. A list of locations to view the Final Scoping Decision document is included on the project website.

The Scoping Decision Document describes the purpose of and need for the proposed action; the development and evaluation of corridor alternatives; the potential social, economic, and environmental impacts and discussion of the methodology that will be used to address each issue in the Tier 1 Environmental Impact Statement (EIS); and responds to comments received during the public comment period between July 7, 2014 and August 22, 2014. The Scoping Decision Document has been prepared to meet state environmental requirements and to guide the preparation of the Tier 1 EIS in accordance with federal regulations.
