Rosemount Middle School Locked in
Case # 15-1187

Rosemount, MN, -- On Monday, June 8, 2015 at 10:09 am, Rosemount Police Department officers were dispatched to the Rosemount Middle school. Dispatch advised that the School had received an anonymous phone call from an outside number with the caller stating that they had a gun and would open fire on the children. Working with the School District Office 196 and the School administration, it was determined that they would lock the students inside the building and maintain normal operations inside.

The Rosemount Police Department, with the assistance of Apple Valley Police Department, Eagan Police Department and the Minnesota State Patrol, conducted a search of the school and school grounds to ensure students' and staff's safety and well-being.

During the search there were no suspicious items or persons located or anything to indicate the students or staff were in any danger.

This case remains under investigation by the Rosemount Police Department.

For Release 12:30 p.m. CST
June 8, 2015
