COUNCIL APPROVES LEGISLATIVE PRIORITIES FOR 2016

The Rosemount City Council has approved its list of priorities for issues likely to come up during the 2016 session of the Minnesota Legislature. The list helps the City work with the lawmakers who represent Rosemount to support projects of benefit to the community.

The list includes requests for help with funding to improve the safety of the interchange at Highway 52 and County Road 42. It also asks the state to consider tightening restrictions on blockage of roads at train crossings.

The two-page list of priorities is available at this link:
