## ROSEMOUNT CITY COUNCIL TO LEAD BIKE TOUR OF NEWEST PARKS

The Rosemount City Council will lead a tour by bike of some of the City's newest parks and of sites where parks may be added.

Members of the City Council and the Rosemount Parks and Recreation Commission will gather in the west parking lot of the Community Center at 8 a.m. Saturday, June 25. The group will then ride bicycles for two to three hours.

Among the locations that the group will visit is the City's newest facility, Ailesbury Park, at 14238 Ailesbury Avenue. The park includes features that are the first of their kind in Rosemount's system, including a zip line and outdoor exercise equipment for adults.

The group is also expected to bike through the new Greystone and Bella Vista developments. It will also tour Schwarz Pond Park and its skate park, along with two or three more sites.

The tour will be canceled in case of inclement weather.
