Re: Informational Open House  
2017 Street Improvement Project  
City Project #470  
City of Rosemount, Minnesota

On May 3, 2016 the Rosemount City Council authorized the preparation of a feasibility report to review the proposed roadway improvements within your neighborhood. These improvements include the spot removal and replacement of settled and broken curb and gutter and surface milling and a bituminous overlay of the existing roadway. The enclosed map shows the roadways included and the project limits.

You are invited to attend an Informational Open House regarding the project on **Wednesday, November 16, 2016 from 6:00 p.m. – 7:00 p.m.** in the Council Chambers at Rosemount City Hall, 2875 145<sup>th</sup> Street West. City Staff and representatives from the City's consultant will be available to answer any questions or concerns you may have regarding the proposed improvements. A brief presentation will be given at 6:15 p.m. explaining the proposed improvements, project costs, and proposed assessments to benefiting properties within the Shannon Hills and Shannon Parkway neighborhoods. An informal question and answer session will follow the presentation.

We look forward to seeing you at the Informational Open House on November 16, 2016. If you have any further questions regarding this meeting, please feel free to call the Engineering Department at 651-322-2022.

cc: Honorable Mayor & City Council Members  
Dwight Johnson, City Administrator
