Mayor Droste requested that staff update the general Emergency Action Plan as a proactive effort against civil unrest, natural disaster, or other catastrophic event. Staff has been working on the plan and the plan will be ready for council review and use by end of 2021.

City Administrator Martin and Communications Coordinator Stoffel discussed a recent meeting with a crisis communication company, Goff Public. Staff has been in contact with the League of Minnesota Cities to coordinate a broader use of Goff Public across Dakota County.

2.b. 2022 Budget Preliminary Check-in

City Administrator Martin presented a brief overview of the 2022 Budget. Department updates were highlighted. Staff has been working on the creation of the 2022 budget, however more work needs to be completed prior to the final council review.

Councilmember Essler requested to see comparable budget data to other surrounding cities.

Further budget discussion will be at the August work session.

UPDATES

3.a. Project Updates

Community Development Director Kienberger updated Council on the City's liquor license current ordinance. The ordinance currently states that there can only be one establishment in Rosemount that doesn't require a certain percentage of food sales.

Staff will look further into an ordinance amendment and bring back more information at the August Work Session.

ADJOURNMENT TO REGULAR COUNCIL MEETING

Upon a motion by Droste, second by Weisensel, the meeting was unanimously adjourned at 6:49 pm to the regular City Council meeting.

CALL BACK TO ORDER

Mayor Droste called the meeting back to order at 7:38pm with Councilmember Weisensel, Block, and Freske. Staff present included City Administrator Martin, Finance Director Malecha, Community Development Director Kienberger, Parks and Recreation Director Schultz, and Public Works Director/City Engineer Erickson.

3.a. Project Updates (continued)

Councilmember Freske discussed with council and staff the upcoming volunteer opportunities for the Leprechaun Days Celebration.

Councilmember Weisensel checked in on numerous staff projects to get updates on completion such as dog park location, wastewater funding, etc.

Mayor Droste discussed with Councilmembers comments received recently on the City's trash hauler open-source network servicing the City. Parks and Recreation Director Schultz explained that haulers enter into a contract with the City that would lock in the price for a period of time. One trash hauler would be safer for the community and lessen wear and tear on the city roads, however it does lead to negative feedback from residents who appreciate the flexibility of an open-source network.

3.b. Staff Updates

City Administrator Martin briefly updated council on various upcoming development projects.

ADJOURNMENT

There being no further business to come before the City Council and upon a motion by Droste, second by Essler, the meeting was unanimously adjourned at 8:25 pm.

Respectfully Submitted,

Jessie Paque
