Rebate Guidelines

- *Irrigation systems must be programmed to comply with the City's odd/even watering restriction ordinance.*
- Rebate maximum is \$150 per controller or sensor, and cannot exceed 50% of the purchase price of each controller and/or rain sensor.
- Each new sensor or controller must be a WaterSense labeled product. Documentation of qualification must be provided with application.
- Copies of an itemized invoice or receipts documenting the make and model of sensor are required. Failure to provide information may result in disqualification.
- The City reserves the right to inspect the irrigation system for proper installation.
- The City is not responsible for sensor performance or water savings. No warranty or guarantee is provided.
- The City has the right to discontinue or amend the rebate program at any time.
- Payment will be issued when the project is complete and valid receipts are presented.
- Rebate is based on pre-tax cost.
