Participate in Public Meeting via Zoom Webinar

The Planning Commission meetings will be virtual using the Zoom platform. This platform is free for the public and can be accessed via a computer, laptop, tablet or a phone. If you plan to participate in a public meeting, please prepare ahead of time by downloading the Zoom app and review the meeting tutorial. Since there will be a delay in the meeting, we suggest not to watch the meeting live on YouTube or on television if you are using Zoom to participate.

During the meeting you will have the option to use the Raise Your Hand feature so that the meeting leader can call on you at the appropriate time. After you are done speaking, please choose the "Leave Meeting" button or hang up the phone. You can continue to watch the meeting on TV or online.

Logging in Online

When you enter the meeting, you may be asked to register by entering your name and email address.

Please enter your first and last name so that moderators can call on you to speak.

You will also need to provide this information for public record.

Your microphone will automatically be locked and muted, when it's your time to speak the meeting leader will unlock your microphone but you will have to unmute it to be heard. You will not be able to see yourself when you first enter the meeting but will see the elected officials/staff members who are designated as panelists.

Calling in on a Phone

When you call into the meeting you will be placed into a waiting room. This is to allow staff to moderate how many people can speak at once. You will hear a message saying you are "on hold." Your phone will automatically be muted when you first enter the meeting. To mute and unmute yourself press *6.

When it is time for you to speak, the meeting chair will recognize you. Please unmute your phone to speak and mute your phone again when you have finished.
